Information and or description of business:

Petros Buick-GMC is your one stop shop for all your vehicle needs. Whether you are looking for a new or used vehicle, need maintenance or other service work done to your current vehicle, get in an accident, or just simply want to get your car detailed, we will be here for you. Not only do we have the largest selection of new Buick and GMC vehicles, and GM Certified used vehicles, we can also find you ANY vehicle that meets your needs. So, if you are looking for a Toyota, Lexus, Nissan, Honda, Hyundai,

Infiniti, etc, we can find it for you and save you all the time of shopping by giving you up front pricing and letting you set your own budget.

And not only will we find you that perfect vehicle, we will also service that vehicle, regardless of make and model, and give discounts on your routine maintenance for the life of that vehicle (for those that purchased the vehicle from us). In addition we have shuttle service to your job for those early morning drop offs, and will even provide you a courtesy vehicle if your vehicle needs to be serviced for more than 2 hours, FREE OF CHARGE, just because you bought your vehicle from us.

Our body shop is also your local preferred provider for insurance carriers such as State Farm Insurance, due to our impeccable attention to detail. So, if you find yourself in the unfortunate accident, and have to be without your car, you can feel confident that your vehicle will be as good as new when it leaves our shop.

And lastly, if you are the type that likes to keep your vehicle looking shiny and new, or want to surprise that special someone with the gift of a new car without the huge price tag, you can schedule a full detail by one of our detail specialists.

With perks like this and knowing that you are not only supporting your local community and local jobs, but also Sacred Heart and Church family members, hopefully you will think twice the next time you are in the market for a new or used vehicle. You can access our dealership online 24 hours a day at www.petrosgm.com.

Information and or description of business:

When Warsaw Cut Glass Company opened its doors in 1911, master glass artisan painstakingly hand cut each piece of crystal on belt-driven wheels. Free-hand design made each piece a true original. Today it is one of the last American facilities practicing the art of cutting glass. The technique and equipment have remained unchanged and so has the product.

The ownership of Warsaw Cut Glass has changed just three times in the company's history always remaining in side of the firm, always in the hands of practicing craftsmen dedicated to preserving the art. Come inside and look at our items.
