

Haiti Ministry

- **How can you help?**

- Use the pink envelopes! Your monthly contributions help Fr. Isaac with the operations of the church, school and chapels. Without your donations, the church wouldn't be able to operate and support the local community.
- Support the bake sale and sea container shipment. These are our two main ways to raise funds and the necessary items we send to Kenscoff.
- Look at our bulletin board in the entryway of the Church for information on projects the ministry is working on.
- Support the Sacred Heart CROSS Mission team throughout the year. Each member traveling, raises their own money for airfare and expenses. Your help contributes to St. Nicolas as well. The group has projects they complete each year. This year, they painted school rooms as well as installed the computer lab.
